Clean ahead

Scrubmaster B100 R

Compact Ride-on scrubber-drier

Slim, manoeuvrable and convenient

1) Advanced performance

Developed and built for hard industrial use, the coverage and cleaning performance of the Scrubmaster B100 R are outstanding for a machine of this size.

2) Water level readable throughout

The large solution and recovery tank has a built-in fresh water level indicator.

3) Hand tool available

A spray-suction hand tool to clean difficult-to-access areas is available upon request.

4) Excellent vacuum/suction results

The parabolic-shaped squeegee provides excellent vacuum/ suction results even in curves and on problem flooring.

5) Brushes

Quick exchange of brushes with no tools necessary.

6) Battery access

The batteries are easily accessible.

7) Ergonomically designed workplace

The console is self-explanatory and user-friendly which cuts down staff training time to a minimum. The ergonomically designed driver's seat can be individually adjusted to ensure fatigue-proof working and optimal view of the floor-space to be cleaned.

Narrow or wide aisles: Hako has just the right solution for your individual needs B100 R Compact ride-on scrubber-drier

Scrubmaster
B100 R Disc brush

Product specification Scrubmaster		B100 R

Steering angle 90°

The 90° steering angle to the left and to the right enables U-turns in aisles as narrow as 155 cm.

Fits through every door

With its slim compact design the B100 R basically fits through every door. It can even be used to clean elevators.

Perfect for confined spaces

Check-out desk areas and narrow aisles are a pushover for this cleaning machine.
